By Appointment

TUCK'S POST CARD

CARTE POSTALE. POSTKARTE

The Great Orme's Head is a vast limestone promontory, 678 feet high, forming the north-western boundary of the bay whereon is the popular watering-place of Llandudno. At the extreme point is erected a coast-guard station, from which a splendid view of the North Wales coast may be obtained. The action of the sea has worn the cliff into numerous caverns, which form a home for myriads of sea-fowl.
